ASCENSION CONCEPTS

I AM becoming! The process of the Ascension is in *becoming* my Great God Self ...in this world! Like the acorn becomes the mighty Oak Tree, *I AM becoming an Ascended Master Presence*. Collectively, the *Gathering of Ascended Humanity is becoming a planetary Forcefield as the IAM Race* ...Builders of a Divine Bridge to Spiritual Freedom for all Humanity. Personally, *I AM becoming the Builder of Divine Self and the Builder of Divine Consciousness that I came into embodiment to be ...to become!* This is what I AM ...and ***I AM that I AM!***

In this Ascension process, let us contemplate the Forcefields within the Solar Year Thoughtform and understand how each Forcefield creates and sustains this ...our *personal Celestial Co-creation* ...as well as building the *Bridge to Spiritual Freedom for all*

Humanity. This is an *immense undertaking* of Energy, Vibration and Consciousness. But this is *our specialty*, our gift to the world ...and, what allowed the granting of our embodiment by the Karmic Board at this Cosmic Moment. This opportunity comes with the assistance of all Cosmic and Ascended Masters across the Solar System ...watching and supporting us with great Reverence. But as well, *we call on every aspect of our own Ascended Master training* (before this embodiment, between embodiments and during this embodiment) *to come into action through us now (X3)* ...to ensure this Mighty Victory! And SO IT IS!

All *Causal Creation* begins with the Will of God. Thus we affirm our Divine Will: *I AM every Momentum of my Causal Body in action through me now!* This is the Divine Intent of Father / Mother God ...the Resurrection and the Life of the *original Divine Plan* for ourselves and this sweet Earth. Specifically at present, the Will of God is centered in the Purification, Resurrection and Ascension of the Fourth and Fifth Root Races, as well as all the ‘invited souls’ joining the Fourth Root Race who had not Ascended with their original Home Star ...but who found a compatible frequency at the *denser level of physical form* to continue their eternal journey into greater Light (‘the laggards’).

This ***Transition of the Root Races*** allows the *progression of the Cosmic Cycle* ...the Fourth and Fifth Root Race Ascending into their Realms of Light around Earth (their Spiritual Home on New Earth) ...and then subsequently the Sixth and Seventh Root Races *fully* taking their rightful place on New Earth shining in the full Glory of her Ascended and Free Orbit. Then we complete the Seven-fold nature of the Ascended and Free Realms of Light around Earth ...all Seven Root Races at their right and perfect place; their right and perfect Energy, Vibration and Consciousness!

This then ensures the *Seven-fold Flame of the Elohim may then be initiated upon the Consciousness of all Humanity* ...with all Root Races ‘home’ in their right and perfect place. This is the Oneness Consciousness of the IAM Race! Then true Precipitation, Causation and Co-creation occurs in daily life, as it does on every Ascended Planet ...all of whom are already prepared for the ***Great Cosmic Inbreath*** ...which only now awaits the Earth’s final preparation!

The First Ray Will of God always contains the aspects of Power and Protection. As the Gathering of Ascended Humanity builds the Bridge to Spiritual Freedom, the very nature of **protection** is built into this Celestial Infrastructure. Therefore, standing in the Sword of Blue Flame with Lord Michael, we guide, guard and protect the Co-creative process and its beginning *lattice network of delicate streams of Light Rays* from the Gathering of Ascended Humanity all over the globe. The First Ray is like a parent watching over her children as they build their dream creation, ensuring the dream is adequately fulfilled.

Remember dear ones, the reason this New Age *will be permanent* is because it is being created *through* Humanity (embodied Light Servers in action in their Ascended and Free capacity) ...rather than *for* Humanity (by the Spiritual Hierarchy intervening). Ascended and Free Humanity have many great Cosmic Abilities and thus *immense capacity* to build this Bridge to Spiritual Freedom. But we are in the body and buffeted by karmic currents ...even as we develop our Ascended and Free Consciousness. Thus, such a process begins with a delicate sub-structure that is strengthened and protected *over many applications* of Sacred Fire!

The **Will of God** protects. Thus, we stand in the Sword of Blue Flame *completely clothed in invincible Light Substance*. Let us invoke several aspects of our Cosmic Christ Protection. First, I acknowledge and accept the **Mantle of Light** from my Beloved Mighty I AM Presence. Within its Forcefield, I expand my Eternal Flame to touch the hem of this Mantle of Light ...and with this Holy Communion, *I AM Transfigured in the Light!* I also invoke the Mighty Elohim Hercules and the Beloved Archangel Lord Michael to sustain around me their **Ring Pass Not of Cosmic Blue Lightning** for an immense distance in every direction! This Ring Pass Not of Cosmic Blue Lightning is created by a Circle and Sword of Blue Flame in front of me, behind me, on either side of me as well as above and below me ...which then meld into one continuous Forcefield of Cosmic Christ Protection!

And finally, I invoke, focus and sustain the **Cloak of Invisibility**, offered to all Ascended Master candidates, so that I AM invisible

to all energies and forces *less than God's Will* ...including any imbalance, illness, accidents or ill-intent of any kind! The Will of God is that I AM cut free from all karmic ties, so that **I AM continuously moving forward into an Eternal Life in the Light** ... always knowing with ultimate Faith that as **I AM raised up, so is all life raised up with me!** Now, I AM Divinely Protected!

Once the Will of God and its powerful Protection is conferred, the *next step* in Precipitation, Causation and Co-creation is an ever-increasing **Understanding** ...of the larger picture we are accomplishing. Such understanding leads to God Illumination (including the embodied state of Enlightenment) ...eventually proceeding into the Divine Wisdom of Ascended Mastery. This is represented in the Solar Year Thoughtform as the *Golden Aura of the Golden Robe* ...the soft, sparkling Golden Light expanding in spiraling formation around the Sword of Blue Flame.

Then comes the **Love Principle**, which governs the First and Second Rays ...through Grace. Here within the Rose-petaled Pulsating Pink Sun is the abundance of *endless generations of the I AM Race of Venus* ...and especially the Sacred Love Nature of their Mighty Regent Sanat Kumara, and their Sun, Beloved Krishna and Sophia. We have come to know this Higher Frequency Love as *Holy Spirit* ...since Beloved Krishna first offered to assist Sanat Kumara in the redemption of this sweet Earth through the Cosmic Christ Principle. Holy Spirit has always accompanied the Cosmic Christ ...no matter its outer Representative or Avatar. Now we produce a *Group Avatar*, expanding to include all peoples, as the Gathering of Ascended Humanity, abiding in their Higher Frequency Love Nature.

Then, within this established *Three-fold Flame of Love, Wisdom and Power* shines the **Crystalline Shimmering Diamond** of every level of life expressing in form. Let us *feel the teeming life forms* on every level ...with each level enfolded by its own Cosmic White Ascension Dove. Each of these life forms calls out for its Spiritual Freedom ...from sub-atomic intelligences (particles and wave-forms); to single cell creatures; to complex animal and plant life; to the mass of Humanity; and ending with our co-servers in spiritually committed Humanity, enlightened Humanity and finally Ascended and Free Humanity. We bathe them all in our Mercy, Compassion

and Forgiveness, in our Adoration and Reverence ...and finally in our affirmation that: *As I AM Ascended and Free, so is all life Ascended and Free with me!*

The Ray of Holy Spirit contains the Five sub-Rays (of Rays Three through Seven, ending in the Mystic Ring of Violet Fire). This Seventh Ray Realm is the Primary Octave radiating Perfection Patterns of Spiritual Freedom to Humanity. Here, the White Fire Beings and the Majestic Devas, Builders of Form and Elohim project the *Highest Frequency DNA* into *every cell of life*, in any form, composing Elemental and Human life on Earth! Then finally in our Solar Year Thoughtform, we move into the Causal Body Realms around the periphery of our Thoughtform. These Ascended and Free Spheres of the Seven Rays mirror the same Causal Body Realms around the Sun and Central Sun ...the Causal Body of Father / Mother God ...*now expressed as the Causal Body Realms of the I AM Race of Earth.*

As we witness these Ascended and Free Realms of Causation and Co-creation transform into its full seven-fold Divine Power of Precipitation, the same process is also *building our personal Seven-fold Flame of the Elohim upon our forehead.* This is part of our Ascended Master training and the Divine Instrument of this 'building in Consciousness'. The word 'root' in Root Race is an apt description of our service as Builders of Divine Consciousness. Consider the Tree of Life. Its full glory seen 'in the world' comes only if it has developed a truly invincible *root structure* below the surface ...in our case, the unseen world of Consciousness / Realm of Cause. So, we are building the root structure, grounding the Bridge to Spiritual Freedom in the Realm of Cause and in the Consciousness of Humanity. We may do this *because we are one with Humanity!*

Think of it. The I AM Race on Venus has lived for eons of unbroken Perfection Patterns ...because they believe in the *Supremacy of the Cohesive Power of Divine Love ...truly uniting all life in her Ascended State!* They have built Divine Self, Divine Consciousness, and an Eternal Life in the Light! This is now their gift to us *as we now move into this Higher Frequency ...across the Bridge to Spiritual Freedom* which we now build for all Humanity. And SO IT IS, BELOVED I AM!

ENERGY, VIBRATION AND CONSCIOUSNESS OF BELOVED ELOHIM VISTA...

Beloved Ones, let us *see with Crystal Vision* the Divine Infrastructure already in place in Realms of Cause. Here the Spiritual Hierarchy and the Gathering of Ascended Humanity are Co-creating with the tools of Energy, Vibration and Consciousness ...by directing the Energy, Matter and Intelligence within the Light into Divine Precipitation, Causation and Co-creation.

The building of our present Celestial Infrastructure began decades ago and included the Ascended Masters introducing the *Transmission of the Flame* ceremony. This was a monthly ceremony at the beginning of each Zodiacal Cycle where the Flame of the Opening Retreat of the month was transmitted around the globe. It was acknowledged and supported in Group Sanctuaries by embodied Light Servers. It has since transformed over the decades, evolving now into a Matrix of Ascended and Free Temples *of the Gathering of Ascended Humanity* ...all within the Ascended and Free Realms around our sweet Earth. Now the Transmission of the Flame is *the Eternal Flame of each one of Ascended and Free Light Service* ...unified, attuned and Co-creating this global infrastructure of the Bridge to Spiritual Freedom.

"Together, standing in the Light" is not only one of our 'mottos' of Light Service, but it is also a *complex global matrix of interweaving Light Rays* ...radiating from *embodied Eternal Flames* and their Infinite Radiant Light! It is a Co-creation of Ascended and Free Humanity and thus ensures Victory in building a *permanent New Age of Spiritual Freedom.*

For current purposes, the Bridge to Spiritual Freedom is the Solar Year Thoughtform! This complex Forcefield allows for the 'crossing over' of all Humanity into an Eternal Life in the Light ...thus experiencing for themselves *becoming Divine Self*; as well as *becoming Divine Consciousness*, as the I AM Race! Think of it ...the magnificence of our co-creation! But such magnificence requires an *invincible infrastructure* to sustain it ...all of which is present as *the Matrix of Forcefields* within the Solar Year Thoughtform!

Let us focus on the *All-Seeing Eye of God*. I AM here to train you to become the ***Crystal Vision of your Mighty I AM Presence*** ... seeing all things, everywhere present! Contemplate with me that every photon of Light *is intelligent*. It sees the Energy, Vibration and Consciousness around it. Humanity accesses the Light as the Mighty I AM Presence sends a Cosmic Ray ‘down the Silver Cord’. Once at the level of the Solar Christ Self (the mediator between Humanity and God), photons can see karmic patterns as well as Perfection Patterns. Given our True Identity as Eternal Flame and its Infinite Radiant Light ...then as my Light streams out from the embodied Flame, I see all things my Light sees, everywhere present! Hence, *I AM becoming the All Seeing Eye!* I AM the Light that sees all things! With this Creative Faculty, I AM able to serve *anywhere on the globe* (or beyond into all Spheres of Light) because *my Light is everywhere present*. And wherever my Light is, it carries the full Power and Authority of Father / Mother God, as it is my Three-fold Flame’s Radiant Light!

When our photons return with ‘information’, it may not express as visual images or concrete knowledge ...but rather a greater Understanding, Enlightenment, God Illumination and Divine Wisdom ...about life and its existence on various frequencies of expression ...on Earth or beyond. This concept is represented in the Solar Year Thoughtform by the Golden Aura of the Golden Robe. It is how every Ascended Master has developed God Illumination and Enlightenment. On its outgoing journey, our Light transmits our Mercy, Compassion, Forgiveness and Divine Love ...and, on the *return current*, we gain God Illumination and Divine Wisdom. This is the Circle of Life and the eternal nature of the Ascension within the original Divine Plan!

So, through the Crystal Vision of our Light, let us see the Divine Infrastructure of our Bridge to Spiritual Freedom. It has a basic root structure, a foundation, its own groundwork, and a unique operation. Much of this has been accomplished over many decades of Light Service by many dedicated Souls. Yet the more the infrastructure is strengthened and broadened, the greater the expanse of the final structure ...in this case, ***the Bridge to Spiritual Freedom for all Humanity!*** I implore you to use your Crystal Vision in meditation ...truly seeing the Divine Infrastructure within the Solar Year

Thoughtform. Let us envision the Ascended and Free Foundation we have set down in our personal life ...and in Group Service. It is a *Glory to Behold* and our Crystal Vision will now reveal it to us!

Beloved Lady Crystal holds the Immaculate Concept for your Crystal Vision. So, call to my Beloved and myself to assist you in the *development of Divine Self and this fundamental Creative Faculty!* And, SO IT IS, BELOVED I AM!

VISUALIZATION ...ON SURRENDER

Let us be ‘in the moment’, placing our attention upon our breathing. We know, feel and accept that our breathing *IS life*. I mindfully relax, letting all distractions and tensions fade away, with only my breath in the forefront of my attention. I sense that my Inner God Self is taking absolute control of my mind and my body. With this awareness, I AM also choosing the Path of Love, for this is the Essence of my Great God Self ...pouring through my mind and body. I AM simply an opportunity for its expression here in the physical world. In this Divine Consciousness of Love, I know that such ‘*Reality based in Love*’ is eternal ...and everything less than Divine Love is temporary, fleeting.

Therefore, I rest in a Celestial Peace. Here I live, move, breathe and have my Being. Here, I AM at Peace. Here I AM expressing myself in an Ocean of Pure Energy ...*as* this Ocean of Pure Essence. Here I AM the Indivisible Flowing Wholeness of Universal I AM. This is a ***moment of Spiritual Freedom***. And I *choose* Spiritual Freedom, *continuously!* I choose to expand my spiritual wings, allowing me to fly and soar ...seeing beyond all illusion, beyond all appearances ...beyond every aspect of ‘maya’ or earthly illusion. This opens into a knowing of total, complete and expanded Celestial Vision of Ascended Mastery. At this Cosmic Moment, I AM reaching a new level of *Illumined Perception* ...a new level of God Expression ...a new level of Being! And SO IT IS, BELOVED I AM!

By the power of the Sacred Fire that I AM, I invoke Beloved Archangel Gabriel, Beloved Ascended Master Serapis Bey and the entire Brotherhood of Luxor ...and all the Light Beings who serve

on the White Ray of Ascension. In the name of Father / Mother God, the Mighty Sun ...in the name of Freedom's Holy Flame ...in the name of Divine Love ... **I invoke the Ascension Flame**, to blaze *and blaze* and **blaze** ...*initiating* all my world into its full Ascension Process! Oh Beloved Ones, keep it blazing through every aspect of my world, affairs and finances; all persons, places, conditions and things in my life; and all thoughts, feelings, words and deeds I express. **I AM a living Temple of the Ascension Flame!** (X3)

Beloved Archangel Michael, and your Flame of Power and Faith, I invoke your Blue Crystal Sword, surrounding myself in its Forcefield ...standing in its Divine Power! I see and feel its Divine Action ...cutting free, *cutting free*, **cutting free** all energies less than perfection in my world and in *all* human activities and relationships ...throughout all Humanity. Cut us free from all diversions of ego that try to distract from our Path into the Light. I invoke its Sacred Protection for my entire life in all its aspects. Further, I AM summoning legions and legions of Angels of the Blue Ray to surround our Sweet Earth, creating a Circle of Blue Energy around all the world. This First Ray Forcefield then merges with the Mystic Ring of Violet Fire. Here I AM protecting Humanity from all energies of imbalance and disharmony ...*while simultaneously transmuting them!* In this *Ring Pass Not of Cosmic Christ Lightning*, **I AM the Protection of our co-creation of a New Age of Spiritual Freedom** ...so that nothing that is not of the Light can penetrate this sweet Earth! And SO IT IS, BELOVED I AM!

Within this Sacred Ceremony, I AM *becoming the Divine Being that I AM!* Its Light is shining brightly and powerfully ...with full Victory! As the Gathering of Ascended Humanity, I AM collectively forwarding Earth's Evolution towards her Ascension into the I AM Race! The Light we serve within (together, standing in the Light!) is here, there and everywhere present. Thus I know that wherever I AM, Father / Mother God is right there with me! I rest in the assurance that wherever there is Light, *there I AM!* I AM that Light, radiating into the nucleus of my cells, atoms and electrons. With every breath, I AM expanding the Light of my 'miracle-working' Mighty I AM Presence. This is the Light of Peace, the Light of Power, the Light of Wisdom, the Light of Love ...all ever-expanding.

I invoke our Beloved God Parents, who created all the Kingdoms and Realms ...all the Dimension and Octaves of Celestial Beings; all the Planets, Stars and Galaxies ...to Direct this Mighty Light through me as a Co-creator! I AM a Light Ray of your Being ...a Light Being created from your Eternal Flame. Father / Mother God, I ask you to powerfully direct your Light into the Crystalline Shimmering Diamond of all life on Earth. Sustain and expand it until *all* Life has the tangible experience as a True Child of God ...made in the 'image and likeness' of a Divine Consciousness expressing through a Divine Self ...Human or Elemental!

I invoke the Powerful Light of the Cosmic Christ! Oh Light of the Cosmic Christ, come unto me, enter my world and through me the entire Earth. Your Light is the absolute Perfection of Being, the pure Perfection Patterns of Love. I direct these pure energies to enfold the Earth, *the New Earth that I AM co-creating*. Because I AM a True Child of God, I may access each of my brothers and sisters by touching 'the Light of the Father' *in them*. For in Truth, we are ONE ...made from One Light ...and therefore: as I AM raised up, so is all life raised up with me!

Oh Light of Holy Spirit, I *surrender* unto you! Come unto me! Direct all my thoughts, feelings, words and deeds. Oh Light of Holy Spirit, *Humanity now surrenders unto you!* Ignite your Higher Frequency Divine Love *in all human hearts.... in all human minds ...in all Life on Earth!* We ask this with the same Divine Grace as did Beloved Jesus, when he left his Disciples in your Grace and Love, knowing from that moment, a New Dispensation was thus begun! In this present Cosmic Moment, **let us likewise, in Grace, begin the Divine Dispensation of Spiritual Freedom!**

With our Higher Frequency Vision, we now see our Crystalline Shimmering Diamond expanding its Light into all life expressing 'in form'. I now see all Humanity *manifesting only their unique and diverse aspects of Light!* This is the Light we have all inherited from Beloved Father / Mother God. We now claim our inheritance on behalf of all Life! We are all *Suns of the Sun* and together, standing in the Light, we all surrender into this Sacred Reality! I AM invoking Cosmic Protection for all Realms, Kingdoms and Principalities, including all Orders of Angels and Elementals, and

all Races, Religions, Cultures and Nations within Humanity. I AM invoking the Light of all Beloved Ascended Masters ...all Spiritual Elders of the Sun and beyond ...to *come forth now* and **blaze your Light** (X3) to all life on Earth! And SO IT IS!

'I AM' is our Holy Name. I AM inviting all Cosmic Beings to expand and project your Eternal Flame and its Infinite Radiant Light into all Earth's life-force. I AM gathering this Cosmic Momentum *as the Gathering of Ascended Humanity!* Collectively, I AM the Altar of Eternal Flame that holds this Forcefield for all Humanity and the Elemental Kingdom. On behalf of all the hearts and minds of Humanity, I AM sending a return current of Adoration and Love to Universal I AM for the privilege of being embodied at this Cosmic Moment. I AM realizing the privilege of using Universal Creative Light to expand the borders of Perfection of Father / Mother God's Creation. I AM living the Law of Reciprocity and Oneness ...**that As I AM raised up, so is all life raised up with me.** As I AM Ascending into a Higher Dimension, all Life is Ascending with me! This is the Divine Fiat that Father / Mother God *has vested in us*, as the Gathering of Ascended Humanity! I AM representing the Spiritual Hierarchy on Earth!

I AM remembering all our Alliances with Heaven! To all Angels, Archangels, Seraphim, Cherubim ...Elemental Beings of all Orders, and *all life* expressing in form: **I AM living the Brotherhood of Angels, Elementals and Humanity**, foretold by Divine Fiat. I AM invoking a tangible memory of this Pact to steadily expand *within the feeling nature of Humanity.* I AM leading and guiding Humanity into *surrendering ego into this Cosmic Pact!* Together, I AM serving to protect our Sweet Earth ...*while constantly co-creating an Eternal Life in the Light!* Moment by moment, Humanity further expresses the Light *that she is!* All of daily life now reveals its Glorious Light ...where I AM living, where I AM praying, where I AM growing and where I AM Ascending!

I realize, now that **I AM the only Power acting everywhere present** ...the **Governing God Intelligence of Divine Love** ...manifesting its Higher Frequency Forcefield across the planet! All decisions *on any level of daily life* are now directed from the Mighty I AM Presence of all involved! I AM the only Presence acting! In all

persons, places, conditions and things, I AM the Governing God Intelligence of Divine Love in action! I consciously realize that *I AM here, there and everywhere in action* ...that there is no place, person, dimension or octave where I AM absent ...as there is only Light, everywhere present!

To all the Directors of the Cosmic Rays ...of the Seven Planetary Rays and Twelve Solar Rays, I AM invoking your Light ...so that the Diamond of Light *that is life on Earth* now be filled with the Rainbow Colors of all the Rays! Through this Activity of Cosmic Rays, I AM co-creating *the entire world in perfect Harmony of color, tone, fragrance and frequency!* Each Ray and its unique Energy, Vibration and Consciousness is a Divine Pact, a Divine Energy, a Divine Quality to absorb, sustain, expand and project ...steadily enveloping the entire Earth. I AM this multicolored Rainbow of Light.

This Forcefield radiates around me, preparing me for everything I have before me in my Light Service! Specifically, the Yellow Ray ...the Golden Aura of the Golden Robe is highlighted, so that Wisdom and Clarity centers my mind and always sustains Harmony and Balance in my thoughts. I AM constantly maintaining Clarity in my mind. With humility, **I invoke my Divine Purpose** ...*specific to my Light Service and reason for embodiment.* I invoke this same God Illumination for Humanity.

May all Humanity now be blessed with Divine Understanding that 'I need nothing aside from my Flame'! The entire Kingdom of multicolored Light ...including the Kingdom of Beauty, the Kingdom of Universal Principles, the Kingdom of Peace, the Kingdom of Harmony and the Kingdom of Love ...IS WITHIN ME! I now choose *to Love* ...to ever expand this Love by creating Electronic Waves of Love for all life around me. Here I AM a vehicle of my Father-Mother Creator. Here, I AM a Vehicle of the Manu. Here I AM a Vehicle in Building the Bridge to Spiritual Freedom for all Humanity!

I strive to build Divine Self and Divine Consciousness so that I AM a worthy vehicle ...a pure vehicle ...a perfect vehicle ...a vehicle without ego. I invoke the Violet Fire to dissolve everything of ego

that does not allow me to *see, think and feel clearly*. I know with *certainty* that I AM *only* a Divine Instrument ...as have all Ascended Masters realized before me. I invoke all my Ascended Teachers and Gurus to open my heart, mind and entire being ...to the expansive Light of this magnificent Cosmic Moment! Grant me humility and power that graces each of your Service to the Light! I thank you Beloved Ones ...and from my heart, I send you a Ray of Adoration and the Love Perfume of my Divine Being.

I dedicate this Activity to the protection of all Servers of the Light currently embodied. May we all truly understand that ***I AM in the world but not of it*** ...here *only to serve* ...in raising up all lower vibration. In my Light Service, I AM empty of condemnation, criticism and judgment ... *full only of Love*. This is my ***Cosmic Agreement*** ...to live in Love and to expand my Love beyond all restrictions of self, time and space. Every day, more and more, I replenish myself in the SOURCE of all Love. Daily I charge myself in the Light. I profoundly forgive all who have offended against me and ask forgiveness of all I have ever offended. I send to all my Love. I live in the *magic of Love* ...that dissolves all misqualified energies in the world through Mercy, Compassion and Forgiveness.

I AM Ascended and Free ...because I declare it; I claim it! I was prepared for it before this embodiment! I AM consciously alert *that I AM Ascended and Free!* Here I know that I AM surrounded only in the Love of Father / Mother God ...flooded by the Light of the Mighty I AM Presence and standing forth as the Solar Christ Self! With this Clarity of Being, I make a Pact with Universal I AM ... to keep myself in the Highest State of Purity and Harmony. I accept from my God Presence your exquisite Guidance, as has always been offered. *But now I AM alert to it!* I AM Blessed by this Holy Communion and give thanks for the communications of Energy, Vibration and Consciousness that guide me in my Divine Plan.

I AM *becoming Flame* in my daily life. I still do the activities of daily life. But now I AM performing them in the Divine Consciousness of Eternal Flame. I remain empty of self in my daily routines of home life, work life, and in all relationships. I AM only ever expanding the Infinite Radiant Light of my Eternal Flame. Standing in this Light, I AM a Divine Instrument of all the Energy, Matter and Intelligence

that creates life ...expressing as magnificent Perfection Patterns of Father / Mother God *pouring through me*.

I especially accept the Gift of this New Age ...the Violet Fire! I AM invoking the Goddess of Liberty and Beloved Ascended Master Saint Germain, *to keep the Violet Transmuting Flame blazing in and around me* ...day by day and night by night ...until ***I AM a spiraling Violet Fire everywhere present in my life***. I live in the Heart of this Cosmic Violet Flame and I AM Ascending in the Light forever! I AM an Eternal Sacred Fire ...a Bridge to Spiritual Freedom, inviting all Humanity to come unto me and be set Free! Thank you Beloved Universal I AM!

And SO IT IS, BELOVED I AM!
