

To a Student,

There are some who serve in glory, there are some who serve in silence, but before the heart of heaven, service well done is one of Our cherished possessions. God bless You.

## ***STRUCTURE OF THIS GROUP DECREE OUTLINE***

The Structure of this outline (Basic Ceremonials) offers two services: Individual opportunity to develop self-mastery, and provides a channel or conductor through which the Divine Powers may bless humanity.

This should be understood by individuals who are entering the path, before they are even admitted to a group meeting of Basic Instruction, so that the sprouts of spiritual (flowering) development will not be shriveled in the presence of the unexplained. When they realize that individual development and mastery proceed hand in hand with impersonal service, they may be educated as to the primal reasons behind each step in the ceremony. Thus, joyously enter into it and feel in themselves the return current of upliftment that stems out of impersonal service.

The action under the old law was the spiritual development of the individual came first and service to the whole came second. Now it is reversed, the whole comes first and the individual comes second.

### ***EXPLANATION OF THE DIVINE DESIGN OF CREATION (in terms of Decreeing in groups)***

The Divine Design for even the simplest of endeavors as well as in creative patterns for group activities is: First – the individual desires to know God's Will (is a seeker) (**First Ray**).

He learns that besides his own development (mastery) he must render service to life impersonally (**Second Ray**). This can best be done thru decree groups.

He learns that his "brother" and his planet are also his concern and he apply for entrance into the Basic Ceremonial (**Third Ray**).

He learns that beauty, music, art, divine designs are all channels for the drawing and dispensing of currents from the Higher Realms (**Fourth Ray**).

He learns then the deeper aspects of the law – how to control the atoms, qualify the life essence, et cetera, finally the powers of precipitation and etherealization (**Fifth Ray**).

He enters willingly into the deeper Ceremonials of worship, invocation and direction of Cosmic Power (the action of the **Sixth Ray** and the **Seventh Ray**).

### ***EXPLANATION OF THE DECREE PROCESS***

The basis of Saint Germain's activity in the decree pattern is repetition. This is based on the fact that we have used in the many embodiments through the centuries so much energy though spoken word, and beaten that into the emotional, mental and etheric bodies. Hence, we have solidified qualities of a negative and destructive nature within them.

Now, to requalify the energy in these bodies and the physical body, we have to release a balance of energy which will blaze into them and shatter those patterns which we have set up mostly through the use of the spoken word and physical action.

Through centuries of saying negative statements there has been built into the etheric body, into that which the world calls the sub-conscious, certain deep grooves of energy. It has been set into motion. It is a consciousness which has been accepted that which we have decreed for ourselves for centuries. The same thing has been done with the emotional and mental bodies, through the use of life. Now, all that will not change with one affirmation.

The efficacy of the decrees is not only in that which goes out into the ethers, but that which is charged and charged into the etheric body. This brings a positive alignment and control of the entire consciousness into positive assurance of what is affirmed.

It is more efficacious to use the same patterns in decreeing, thus build a momentum, than to be changing to new decrees all the time.

From this Outline can be devised the pattern for the various groups: Basic Instruction, Study, Healing, Decree, Devotional Service, and

a Musical.

Various parts of the Outline can be omitted to suit the occasion.

The Invocation, Benediction and decree pattern can be elaborated upon.

The Law of Forgiveness and some Violet Flame decrees should be given in every meeting (the only exception, in the very first Basic Instruction groups). Then decrees from the main group, and songs et cetera, can be selected which are appropriate for the occasion. Any other decrees which are designed or required for current situations can be inserted anywhere between pages 15 and 24.

Throughout the universe manifestation is brought about through decrees or fiats.

The numbers found in this booklet such as: (3) or (7) or (9) means to repeat the previous word, phrase, line or the paragraph, or whatever is within parenthesis ( ) or brackets [ ] that many times ( if desired).

Since under Divine Law concerning these instructions there may not be a charge made for them, it is well to have a box with a slit in the top (this way what each one gives is concealed) near or by the door. It can be marked "Love Gifts". Thus, giving the students opportunity to give or contribute to the Cause as their hearts direct. To keep within the Law of Balance, as one receives so should he give.

### **Platform Arrangement:**

The Chart of the Presence should be hung in the center back, higher than eye level when standing, so one has to look up to the Presence.

Crystal Cup (optional) should be below or a little in front of the Chart.

Candles can be by or around the Cup.

The lectern or stand should be to one side of the platform (on the side of the entrance if possible) so the Director or speaker does not come between the audience and the Chart. A chair can be at either side in the back (against the wall).

## ***LAW OF LIFE GROUP OUTLINE***

Contemplative Music can be played.

The students should realize that their energies should be directed toward God, The I AM Presence, the Ascended Masters and Divine Beings.

They should have the attitude, and be willing to offer their energy and the momentum of their lifestreams to the current service conducted.

### ***Director:***

Greetings to you in the Name of the Magic I AM Presence and the Ascended Masters. We welcome you in Their Name. Blessed ones thank you for your interest and for your presence here with us. To your love and light, we add all of ours, and offer it all to the beloved I AM Presence and the Divine Ones, and ask Them to accept it; purify and amplify it, charging it with beloved Saint Germain's Flame of Freedom. Then charge it forth wherever needed most in the service of the Light.

## ***VISUALIZATION:***

### ***Director:***

(a) Let us give our attention to the I AM Presence; the Three-fold Flame in the heart; expand that Flame to become one with the Flame in the throat center; expand it and become one with the Seven-fold Flame in the forehead; again expand it to become one with the Christ Self; then with the Electronic Body of the I AM Presence; the Sun; and the Great Central Sun. Let us feel ourselves a pillar of dazzling white Light from the Central Sun to the heart of the earth. (Visualize it for a moment or two.)

(b) Now see the Tube or Pillar of Light around you with the Blue Flame outside. See it around the room (or hall or meeting place)

and the Blue Flame outside. Picture a pillar of Violet Flame from the center of the earth up through the atmosphere. Expand it to cover the city or locality; expand it over the State; expand it over the nation; expand it over North America; the three Americas; and around the earth.

(c) Picture the Cosmic Light cover the whole earth; see it as pure white shining Light substance, perfectly level.

(d) Visualize a huge Luminous Presence of Jesus over the building in dazzling white Light. See an individual one around all the little children. (Around each see it larger than the person. One can see it projected from the huge one.). Then see it around the incoming children; the younger generation; all mankind; all disembodied; all the Beings of the Elements.

(e) Picture the Secret Love Star in the center of the ceiling, in dazzling golden Light, blazing out in all directions, permeating all the earth and atmosphere. You can also see a Ray of Light from it coming into your heart expanding the Three-fold Flame and the points of Light in every cell of your four lower bodies.

(f) See a golden Triangle about three feet on each side, two inches wide, point upward, in the middle of the room or building. The All-seeing Eye in the center of it, the Crystal Ray pouring through the Eye, going out in all directions, revealing all things that are not of the Light.

\*\*Pause between each action for a moment or two, to get a clear picture.

**MUSIC** or a few minutes of silence; visualize and feel the actions called forth being fulfilled. It is best to leave quietly – endeavoring to hold the radiation.

### **Three Breaths**

It is well to do some breathing exercises each day. Do the breaths

on an even count, of six or eight syllables (or shorter or longer as required). Keep the attention on the I AM Presence, mentally say a decree such as:

I AM all Light and Love (Divine).

I AM all (Light and) Perfection.

I AM the Healing Flame (and Peace).

I AM my perfect health right now.

I AM inbreathing (Cosmic) Peace.

I AM inbreathing full Freedom.

I AM inbreathing Christ action (the action of the Christ).

### ***Balancing Breath***

Inhale a deep breath through the left nostril while holding the right nostril shut, and mentally say a decree. Then hold the breath for the same length of time repeating the decree. Again, give the decree while exhaling through the right nostril, holding the left nostril shut. Then hold without breathing, also giving the decree.

Then reverse the procedure by inhaling through the right nostril, and complete the exercise. Keep alternating; and repeat as many times as is comfortable.

### ***Energizing Breath***

While mentally saying a decree, draw in a deep breath completely filling the lungs, hold for a moment; then very slowly blow it out through the mouth, repeating the decree mentally. Keep your attention on the I AM Presence. Repeat ten or twenty times. (One can energize his body by this).

### ***Rhythmic Breath***

Slowly and naturally breathe in, (when used during invoking the Three-fold Flame, adore and visualize it) mentally say; (1) "I AM" inbreathing (the immortal) (Cosmic) Three-fold Flame.

**Then, (2)** as the breath is held within, mentally say: "I AM" absorbing (et cetera, as above).

**Then, (3)** as you expel or breathe out, say: “I AM” expanding (et cetera, as above). Visualizing it expanding out through the body, aura and your world.

**Then, (4)** as the breath is held without say: “I AM” projecting (et cetera, as above). See it going out through the city, locality, state, nation, world.

(All four procedures should be the same length of time. For some, the fourth is difficult. To ease this, one can retain a small portion of the breath for this action).

***When using other statements:***

**On (1):** Visualize and feel the outer self come into the Presence of your own Christ Self, through the emotional, mental, etheric and physical bodies.

**On (2):** Hold the picture of the Christ Self before your mind’s eye, so it is stamped on the atoms of the four bodies, Its Light enfolding you.

**On (3):** See the pattern of the Christ Self release through the energy of your aura to its periphery.
